

Northeast Region Construction Specifications Institute

Region Awards

This list includes all Region Awards except the Region Distinguished Service Award presented since the Region was assigned its current configuration in 1975. It was known for a short while as Region 1 until the Institute Board adopted the geographical designations in 1977. The Chapter listed for each recipient was the “Home” Chapter of that member at the time of the Award.

The Region Distinguished Service Award recipients are on a separate list.

(NOTE: About 1990, the Institute changes the title of the members from the Region serving on the Institute’s Board of Directors from “Region Director” to “Institute Director”. This list of awards has been modified to reflect the current designation where this was a part of the Award title or the service being recognized.

In FY2011, because of a previous change in Region Governance, the Institute Director’s Award was changed to Region President’s Award but previous award titles were not changed.)

This list was updated July 26, 2013

FY	Award	Recipient
2012	Region Presidents Award (2 Awards)	Ruma Som, CSI, CDT, AHC Richard A. Eustis, PE, FCSI, Distinguished Member, CCCA, CSC
